

Fairview

the country hotel in town

The Fairview has been built over a period of 60 years by 3 generations of a single family! As a result, the hotel is more of a home than a hotel and has a huge amount of charm. The downside of building a hotel over such a long period is that few rooms are identical making this categorization a difficult exercise! This guide, therefore, is helpful, but it isn't 100% accurate!

Note: All room categories enjoy free breakfast, wifi and the rate includes all taxes.

GUIDE TO ROOM ALTERNATIVES
